Service products

NuTech Specialties Inc.
Brake Parts Cleaner 514
Economical, moderate cleaner with faster evaporation time than the 7512. Safe on paint and plastics. FLAMMABLE.

Brake Parts Cleaner 525
Economical, most aggressive cleaner with moderate evaporation time. Use with CAUTION on paint and plastics. FLAMMABLE.

Brake Parts Cleaner 725
Economical, moderate cleaner with moderate evaporation time. Safe on paint and plastics. FLAMMABLE.

Brake Parts Cleaner 7512
Most economical, light to moderate cleaner with slowest evaporation time. Safe on paint and plastics. FLAMMABLE.

Brake Parts Cleaner 7512 HD
Most economical, light to moderate cleaner with slowest evaporation time. NOT Safe on paint and plastics. FLAMMABLE.

A50 Brake & Parts Cleaner
Utah VOC compliant, moderate cleaner with moderate evaporation time. NOT Safe on paint and plastics. FLAMMABLE.

A50 Solvent Parts Cleaner 1000
This solvent provides an economical and effective method for cleaning metal parts while being gentle on the hands. Grease, oil, dirt, sludge, grime, ink, light carbon and similar soils are dissolved after only a few minutes of soaking and brushing. Machine shops, garages, factories, industrial repair shops and automobile make-ready facilities will find this product to be an ideal compound for use in their recirculation parts washer units.
High Performance Brake Parts 639
Moderate cleaner; moderate evaporation time. Safe on paint and plastics. FLAMMABLE.

High Performance Brake Parts 639HD
Cleans more aggressively than the 639; moderate evaporation time. Use with CAUTION on paint and plastics. FLAMMABLE.

High Purity Cleaner
This product is our most popular high performance brake parts cleaner. Fastest drying time, will not leave a residue and cleans very well. Safe on paint and plastics. FLAMMABLE.

Techline Summerblend RTU Windshield Washer Solvent with Mr. Bug
-Ready to Use

Winterblend RTU Windshield Washer Solvent with Mr. Bug
Ready to Use

RTU Windshield Washer Solvent with Mr. Bug and Rainbead
-Ready to Use

RTU Windshield Washer HD Solvent with Mr. Bug
Ready to Use

ECONO Windshield Washer Solvent with Mr. Bug
Econo Windshield Washer with Mr. Bug is our most universal windshield washer formula. It contains Mr. Bug which removes dead bugs off of the windshield. See chart for dilution rates and temperature ratings
ECONO Windshield Washer Solvent with Mr. Bug AND RAINBEAD

Econo Windshield Washer with Mr. Bug is our most universal windshield washer formula. It contains Mr. Bug which removes dead bugs off of the windshield. See chart for dilution rates and temperature ratings. Contains RAINBEAD water repellent.

Windshield Washer Econo HD with Mr. Bug

Windshield Washer HD with Mr. Bug is our highest concentrated windshield washer formula. It contains Mr. Bug which removes dead bugs off of the windshield. See chart for dilution rates and temperature ratings.

Windshield Wash 2-N-1 Concentrate

Windshield Wash 2-N-1 Concentrate Windshield Washer with Mr. Bug takes the guesswork out of a concentrate, you get 2 drums out of 1 drum of concentrate with a freeze point of -20° F. It contains Mr. Bug which removes dead bugs off of the windshield. See chart for dilution rates and temperature ratings.

Windshield Wash 2-N-1 Concentrate with RAINBEAD

Windshield Wash 2-N-1 Concentrate Windshield Washer with Mr. Bug takes the guesswork out of a concentrate, you get 2 drums out of 1 drum of concentrate with a freeze point of -20° F. It contains Mr. Bug which removes dead bugs off of the windshield. See chart for dilution rates and temperature ratings. Contains RAINBEAD water repellent.

HD Windshield Washer CONCENTRATE with Mr. Bug

Windshield Washer HD with Mr. Bug is our highest concentrated windshield washer formula. It contains Mr. Bug which removes dead bugs off of the windshield. See chart for dilution rates and temperature ratings.

HD Windshield Washer CONCENTRATE with Mr. Bug and Rainbead

Windshield Washer HD with Mr. Bug is our highest concentrated windshield washer formula. It contains Mr. Bug which removes dead bugs off of the windshield. See chart for dilution rates and temperature ratings. Contains RAINBEAD water repellant.
HP Industrial, Non Chlorinated High Purity Cleaner, 12 cans per case

Nonchlorinated Fast Dry Formula
Aerosol Blasts Away Deposits with Powerful Stream, No Chlorinated or Fluorinated Solvents, 35 State Compliant, Paint and Plastic Safe Formula

This highly concentrated solvent blend provides performance in a brake Parts cleaner without the use of ozone depleting chlorinated solvents. Powerful blasting spray easily removes brake fluid, grease, oily dirt and contaminants from linings, pads and drums, cylinders and springs without disassembling the brake unit.

EnviroZone Penetrant Lubricant Demoisurant Protectant, 16 oz. can

CFC's, PENETRATES through rust and scale to loosen parts which have been frozen-by corrosion. LUBRICATES parts to ensure free and easy movement. An all purpose, non-flammable, nonconductive mechanic's spray. Penetrates through rust and corrosion to loosen frozen nuts and bolts. Displaces moisture in wet electrical systems. Leaves treated surfaces protected with residual anticorrosive film. Safe around most plastic and paint.

-Ready to Use

Citro Solv Heavy Duty Degreaser 17#)

Our new formula has the same great performance while complying with V.O.C. guidelines. The safest alternative to using chlorinated solvents for degreasing metal surfaces. Heavy flushing action quickly dissolves and removes grease, grime, oil and tar. High pressure spray penetrates, loosens and lifts contaminates away. Parts can air dry leaving negligible residue or be rinsed with water.

NTS Dry Moly, 12/16 oz. cans per case 14#)

Non-Corrosive, Non-Conductive, Waterproof, Film has Low Coefficient of Friction, Provides Excellent Lubricating Properties, Does Not Attract Dust or Dirt, Adheres to Metals, Oil, Alkalis and Many Acids, Resists Temperatures from -110 to +1050 Degrees Fahrenheit and pressures to 100,000psi. A superior, long lasting, extreme condition, dry film lubricant and anti-seize coating. Withstands high temperatures and extreme pressures. Provides a dry film lube especially suited for use in dirty or dusty atmospheres. Burnishes into metal to pro-vide long-term lubrication and protection. Inert to water, oil, alkalis and acids.
